EDUCATION

Universitas Syiah Kuala (USK) | Computer Science/Informatics   *Expected Graduation: June 2023*
Area of Interest: Software Engineering, Web Developer, Backend Developer

EXPERIENCE

Software Engineer Laboratory Assistant | Universitas Syiah Kuala   *Jan 2022 - Juni 2022*
- Acting as a mentor for Software Engineer laboratory
- Teach about the process of analyzing user requirements and then designing, building, and testing software application

Web-based Batabase Laboratory Assistant | Universitas Syiah Kuala   *Jan 2022 - Juni 2022*
- Acting as a mentor for Web-based Database laboratory
- Teach to make the database can be accessed from a local network or the internet using MySQL

Geographic Information Systems Laboratory Assistant | Universitas Syiah Kuala   *Jan 2022 – Mar 2022*
- Acting as a mentor for Geographic Information Systems laboratory
- Teach the basics of processing and analyzing spatial data using the ArcGIS application
- Responsible for scoring participant's laboratory works

Advanced Database Laboratory Assistant | Universitas Syiah Kuala   *Sep 2021 – Dec 2021*
- Acting as a mentor for Advanced Database laboratory
- Teach about DBMS using Database Oracle
- Responsible for scoring participant's laboratory works

Numerical Computing Laboratory Assistant | Universitas Syiah Kuala   *Sep 2021 – Dec 2021*
- Acting as a mentor for Numerical Computing laboratory
- Teach how to find solutions to complex mathematical calculations using computer programs in Java
- Responsible for scoring participant's laboratory works

Database Laboratory Assistant | Universitas Syiah Kuala   *Jan 2021 - May 2021*
- Acting as a mentor for Database laboratory
- Teach about how to storing, manipulating and retrieving data in databases using MySQL
- Responsible for scoring participant's laboratory works

ORGANIZATIONS
- **Secretary of the Department of Social and Humanitarian | Syiah Kuala University Informatics Student Association** (2022)
- **Deputy Head Of Business Fund Department | Syiah Kuala University Informatics Student Association** (2021)

SKILLS
Communication | Analytical Thinking | Problem-Solving | Leadership | Teamwork | PHP | Java | Web App Design
